TECH. INNOVATOR'S OATH

I COMMIT TO DESIGNING TECH PRODUCTS THAT MAKE SENSE TO ALL STAKEHOLDERS INVOLVED. IN DOING SO, I WILL:

TAKE RESPONSIBILITY for my creations and **BE ACCOUNTABLE** FOR THEIR EFFECTS

BE OPEN TO FEEDBACK and criticism, especially from TECHNOLOGY CRITICS

CREATE, BUILD ON, AND MAKE USE OF OPEN SOURCE TECHNOLOGY AS MUCH AS POSSIBLE

CRITICALLY ASSESS whether or not technology is the best way to address **the challenge at hand**

SPEAK UP if others are acting contrary TO THIS TECH OATH

NEVER PURSUE BUSINESS GOALS at the expense of **PEOPLE,** SOCIETY, OR **OUR PLANET**

DO EVERYTHING IN MY POWER to prevent unintended consequences **FROM SCALING MY PRODUCT**

STRIVE TO CREATE A POSITIVE IMPACT
